

2021/22 Child Protection and Safeguarding Policy for

Consistent with Keeping Children Safe in Education 2021

NEW COLLEGE SCHOOL, OXFORD
PRE-PREP & PREPARATORY SCHOOL

N.B. This policy is a framework and should be seen as a starting point for development to fit your school's individual context. Prior to being adopted, each section should be reviewed to determine if it is appropriate for your setting. If more or less information is required, it is the responsibility of the school to make those amendments.

This document is based on guidance from the 2021 KCSiE and Working Together documents. If the Government re-issues this guidance during the 21/22 period, please ensure that your policy is compliant with any changes. KCSiE highlights the importance of frontline staff in developing the school's policy. As part of the review process, we strongly recommend that those who are working with your children have a say in the development of your policy and that this can be evidenced.

Published August 2021 to be reviewed by August 2022

Date agreed and ratified by Governing Body: September 2021

The policy must be reviewed and updated at least annually and/or following any updates to national and local guidance and procedures

New College School recognises its responsibility for safeguarding and child protection.

1. Introduction

This policy has been developed in accordance with the principles established by the Children Act 1989; and in line with the following:

- “Keeping Children Safe in Education” 2021”
- “Working Together to Safeguard Children 2018”
- Oxfordshire Safeguarding Children Board guidelines

At New College School our Governing Body/management committee/proprietor takes seriously its responsibility under Section 11 of the Children Act and duties under “Working Together to Safeguard Children 2018” to safeguard and promote the welfare of children; to work together with other agencies to ensure adequate arrangements exist within our setting to identify and support those children who are suffering harm or are likely to suffer harm.

We recognise that all our staff and governors have a full and active part to play in protecting our pupils from harm, and that the child’s welfare is our paramount concern.

Our school should provide a safe, caring, positive and stimulating environment that promotes the social, physical and moral development of the individual child free from discrimination or bullying where children can learn and develop happily.

This policy applies to all our staff, governors and volunteers working in our school.

This policy has been written in line with Keeping Children Safe in Education 2021

This policy should be used in conjunction with KCSIE 2021.

All staff will sign to confirm they have read and understood this policy.

2. Policy Statement

We recognise our moral and statutory responsibility to safeguard and promote the welfare of all children.

We make every effort to provide a safe and welcoming environment underpinned by a culture of openness where both children and adults feel secure, able to talk and believe that they are being listened to.

We maintain an attitude of ‘it could happen here’ where safeguarding is concerned.

The purpose of this policy is to provide staff, volunteers and governors with the framework they need to keep children safe and secure in our school and to inform parents and guardians how we will safeguard their children whilst they are in our care.

Safeguarding and promoting the welfare of children is defined for the purposes of this guidance as:

- protecting children from maltreatment.
- preventing impairment of children's **mental and physical health** or development
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

Child protection is an aspect of safeguarding but is focused on how we respond to children who have been significantly harmed or are at risk of significant harm.

The term **staff** applies to all those working for or on behalf of the school, full time or part time, in either a paid or voluntary capacity. This also includes parents and governors.

Child refers to all young people who have not yet reached their 18th birthday. On the whole, this will apply to all pupils of our school; however, the policy will extend to visiting children and students from other establishments.

Parent refers to birth parents and other adults in a parenting role for example, adoptive parents, step parents, guardians and foster carers.

Abuse could mean neglect, physical, emotional or sexual abuse or any combination of these. Parents, carers and other people can harm children either by direct acts and / or failure to provide proper care. Explanations of these are given within the procedure document.

DSL refers to Designated Safeguarding Lead.

DDSL refers to Deputy Designated Safeguarding Lead.

OSCB refers to Oxfordshire Children Safeguarding Board.

LCSS refers to Locality Community Support Service.

MASH refers to Multi Agency Safeguarding Hub.

DO refers to the Designated Officer, also referred to as Local Authority Designated Officer (LADO)

4. The aims of these procedures are:

- To provide staff with the framework to promote and safeguard the wellbeing of children and in so doing ensure they meet their statutory responsibilities.
- To ensure consistent good practice across the school and ensure that safeguarding follows a whole school/college approach.

5. Principles and Values

Children have a right to feel secure and cannot learn effectively unless they do so.

All children have a right to be protected from harm.

All staff have a key role in prevention of harm and an equal responsibility to act on any suspicion or disclosure that may indicate a child is at risk of harm, either in the school or in the community, taking into account *contextual safeguarding*, (Annex 6) in accordance with the guidance.

We acknowledge that working in partnership with other agencies protects children and reduces risk and so we will engage in partnership working throughout the child protection process to safeguard children.

Whilst the school will work openly with parents as far as possible, it reserves the right to contact Children's Social Care or the police, without notifying parents if this is believed to be in the child's best interests.

We will always act in the best interests of the child and ensure that our decisions around safeguarding take a child-centred and coordinated approach.

6. Leadership and Management

We recognise that staff anxiety around child protection can compromise good practice and so have established clear lines of accountability, training and advice to support the process and individual staff.

In this school, any individual can contact the Designated Safeguarding Lead (DSL) or the Deputy (DDSL) if they have concerns about a young person.

Our Headteacher, Matthew Jenkinson, takes overall responsibility for safeguarding, ensuring the DSL, Rosemary Cox, and the DSL team, including Brett Morrison (DDSL), are fulfilling their role.

There is a nominated safeguarding governor, **Jessica Williams (or in her absence, Caroline Jordan)** who will take leadership responsibility for safeguarding. The Chair of Governors, Miles Young, will receive reports of allegations against the headteacher and act on the behalf of the governing body.

As an employer we follow safer recruitment guidance as set out in KCSIE 2021

7. Record Keeping

- Staff will record any welfare concerns that they have about a pupil on the **Record of Concern Form, or on email** and pass them without delay to the DSL, who will record the concern on **Schoolbase**. Records will be completed on the same day as the incident/event is reported to the staff member, using the child's words and facts, and will be signed and dated by the member of staff.
- All safeguarding concerns, discussions and decisions (and justifications for those decisions) will be recorded in writing. If members of staff are in any doubt about recording requirements, they should discuss their concerns with the DSL.
- **Incident/Welfare concern forms are kept on Schoolbase.**
- Safeguarding records are kept for individual children and are maintained separately from all other records relating to the child in the school. Safeguarding records are kept in accordance with General Data Protection Regulations (GDPR) and our own school GDPR policy and are retained centrally and securely by the DSL. Safeguarding records are shared with staff on a 'need to know' basis only.
- All safeguarding records will be transferred in accordance with GDPR to the child's subsequent school/setting, under confidential and separate cover. These will be given to the new DSL and a receipt of delivery will be obtained.
- Our record keeping procedures are in line with the KCSiE guidance.
- The Headteacher will be kept informed of any significant issues by the DSL, if they are not the DSL.

8. Confidentiality and Information Sharing

- New College School recognises that all matters relating to child protection are confidential. The Headteacher or DSL will only disclose information about a pupil to other members of staff on a 'need to know' basis.
- All members of staff must be aware that whilst they have duties to keep any information confidential, they also have a professional responsibility to share information with other agencies to safeguard children.
- All staff must be aware that they cannot promise a child they will keep secrets which might compromise the child's safety or wellbeing.
- There is a lawful basis for child protection concerns to be shared with agencies who have a statutory duty for child protection.

- Governing bodies and proprietors should ensure relevant staff have due regard to the relevant data protection principles, which allow them to share (and withhold) personal information, as provided for in the Data Protection Act 2018 and the GDPR.
- DfE Guidance on Information Sharing (July 2018) provides further detail.
<https://www.gov.uk/government/publications/safeguarding-practitioners-information-sharing-advice>
- OSCB provides advice on the Seven Golden Rules of Information Sharing
<https://www.oscb.org.uk/wp-content/uploads/2019/07/The-Seven-Golden-Rules-for-Info-Sharing.pdf>
- Guidance to support schools with Data protection activity, including compliance with GDPR
[Data Protection Tool Kit](#)

9. Training

All staff in our school are expected to be aware of the signs and symptoms of abuse and must be able to respond appropriately.

Our DSL undergoes training to provide them with the knowledge and skills required to carry out their role. Our DSL and any members of our DSL team undergo their DSL training every 2 years through the OSCB to enable them to fulfil their role.

Training is provided for all staff to a generalist level every 3 years, regular updates around safeguarding are shared with staff regularly.

Separate training is provided to all new staff on appointment as part of their induction process which would also include Online Safety.

Any update in national or local guidance will be shared with all staff in briefings and then captured in the next whole school training. This policy will be updated during the year to reflect any changes brought about by new guidance.

10. Safeguarding Children with Special Educational Needs and Disabilities

New College School acknowledges that children with special educational needs (SEN) and disabilities can face additional safeguarding challenges as they may have an impaired capacity to resist or avoid abuse.

New College School will ensure that children with SEN and disabilities, specifically those with communication difficulties, will be supported to ensure that their voice is heard and acted upon.

Members of staff are encouraged to be aware that children with SEN and disabilities can be disproportionately impacted by safeguarding concerns such as bullying. All members of staff will be encouraged to appropriately explore possible indicators of abuse such as behaviour/mood change or injuries and not to assume that they are

related to the child's disability and be aware that children with SEN and disabilities may not always outwardly display indicators of abuse.

11. Reporting and referring concerns

KCSIE 2021 states: "No single practitioner can have a full picture of a child's needs and circumstances. If children and families are to receive the right help at the right time, **everyone** who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action.

In our school we recognise the importance of sharing information and reporting concerns to help ensure children are protected.

The following procedures apply to all staff working in the school and will be covered by training to enable staff to understand their role and responsibility.

The aim of our procedures is to provide a robust framework which enables staff to take appropriate action when they are concerned that a child is being harmed or is at risk of harm.

The prime concern at all stages must be the interests and safety of the child. Where there is a conflict of interest between the child and an adult, the interests of the child must be paramount.

All staff are aware that very young children with those with disabilities, special needs or with language delay may be more likely to communicate concerns with behaviours rather than words. Additionally, staff will question the cause of knocks and bumps in children who have limited mobility which will include children visiting the site as well as those who are pupils.

If a member of staff suspects abuse, spots signs or indicators of abuse, mental health concerns or they have a disclosure of abuse made to them they must:

1. Make an initial record of the information on the same day. These can be brief notes on paper, which will be added to Schoolbase.
2. Report it to the DSL/DDSL immediately.
3. The DSL will consider if there is a requirement for immediate medical intervention, however urgent medical attention should not be delayed if the DSL is not immediately available.
4. Make an accurate factual record as soon as possible and within 24 hours of the occurrence, of all that has happened, including details of:
 - Dates and times of their observations
 - Dates and times of any discussions in which they were involved
 - Any injuries
 - Explanations given by the child / adult

- What action was taken
- Any actual words or phrases used by the child
- Any questions the staff member asked (remembering not to ask any leading questions)

The records must be signed and dated by the author (or equivalent on electronic based records).

5. In the absence of the DSL or their Deputy, be prepared to refer directly to Children's Social Care (and the police if appropriate), if there is the potential for immediate significant harm or to carry out a no names consultation with LCSS, if appropriate.

Following a report of concerns, the DSL must:

1. Decide whether there are sufficient grounds for suspecting significant harm, in which case a referral must be made to Children's Social Care and the police if it is appropriate. The rationale for this decision should be recorded by the DSL.
2. Normally the school should try to discuss any concerns about a child's welfare with the family and where possible, seek their agreement before making a referral to Children's Social Care. However, in accordance with DfE guidance, this should only be done when it will not place the child at increased risk or could impact a police investigation. Where there are doubts or reservations about involving the child's family, the DSL should clarify with Children's Social Care or the police whether the parents should be told about the referral and, if so, when and by whom. This is important in cases where the police may need to conduct a criminal investigation. The child's views should also be taken into account.
3. If there are grounds to suspect a child is suffering, or is likely to suffer, significant harm the DSL (or Deputy) must contact Children's Social Care via MASH, sharing:
 - i. the known facts
 - ii. any suspicions or allegations
 - iii. whether or not there has been any contact with the child's family.

The MASH can be contacted by phone on **0345 050 7666**.

4. If a child is in immediate danger and urgent protective action is required, the police must be called. The DSL/DDSL must then notify Children's Social Care of the occurrence and what action has been taken.
5. When a pupil needs *urgent* medical attention and there is suspicion of parental abuse causing the medical need, the DSL or their Deputy should seek immediate advice from the MASH about informing the parents, remembering that parents should normally be informed if a child requires urgent hospital attention. However, as in all cases, if it is felt this could put the child more at risk then all action should be taken in the best interests of the child.

6. If there is not considered to be a risk of significant harm, the DSL/DDSL will either actively monitor the situation, consider the Early Help process or contact the LCSS for a no names consultation.

All contact details are in ANNEX 8.

12. Multi-agency Working

New College School recognises and is committed to its responsibility to work with other professionals and agencies in line with statutory guidance.

Schools are not the investigating agency when there are child protection concerns. We will, however, contribute to the investigation and assessment processes as required. New College School recognises the importance of multi-agency working and will support attendance at relevant safeguarding meetings, including Child Protection Conferences, Core Groups, Strategy Meetings, Child in Need meetings or other early help multi-agency meetings.

The School Leadership Team and DSL/DDSL will work to establish strong and co-operative relationships with relevant professionals in other agencies.

13. Safer Recruitment

- New College School is committed to ensuring the development of a safe culture and that all steps are taken to recruit staff and volunteers who are safe to work with our pupils and staff.
- The Governing Body and Leadership Team are responsible for ensuring that the school follows safe recruitment processes outlined within guidance.
- New College School is responsible for ensuring that the school maintains an accurate Single Central Record (SCR) in line with statutory guidance.
- The Governing Body will ensure that at least one of the people who conducts a recruitment interview has completed safer recruitment training.
- We are also committed to supporting the statutory guidance from the Department for Education on the application of the Childcare (Disqualification) Regulations 2009 and related obligations under the Childcare Act 2006 in schools.
- We advise all staff to disclose any reason that may affect their suitability to work with children that could be a transferable risk to their role.

14. Allegations against staff or volunteers

This procedure should be used in all cases in which it is alleged a member of staff or volunteer in a school, or another adult who works with children has:

- **behaved in a way that has harmed a child, or may have harmed a child;**
- **possibly committed a criminal offence against or related to a child; or**

- **behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children.**
- **Behaved or may have behaved in a way that indicates they may not be suitable to work with children**

In dealing with allegations or concerns against an adult, staff must:

- Report any concerns about the conduct of any member of staff or volunteer to the headteacher as soon as possible.
- If an allegation is made against the headteacher, the concerns need to be raised with the Chair of Governor as soon as possible. If the Chair of Governors is not available, then the Designated Officer team for Oxfordshire should be contacted directly.
- Whilst schools and colleges are not the employer of supply staff, they should ensure allegations are dealt with properly. In no circumstances should a school or college decide to cease to use a supply staff due to safeguarding concerns, without finding out the facts and liaising with the local authority designated officer team (LADO) to determine a suitable outcome. Further information can be found in KCSiE 2021
- There may be situations when the headteacher or Chair of Governors will want to involve the police immediately, for example, if the person is deemed to be an immediate risk to children or there is evidence of a possible criminal offence.
- Once an allegation has been received by the headteacher or Chair of Governors, they will contact the LADO team on 01865 810603 or lado.safeguardingchildren@oxfordshire.gov.uk as soon as possible and before carrying out any investigation into the allegation other than preliminary enquiries.

In liaison with the LADO team, the school will determine how to proceed and if necessary, a referral will be made to the MASH and/or the police.

The LADO team in Oxfordshire is currently staffed by Donna Crozier, Sandra Barratt and Lorna Berry.

The team will assess the information provided and advise on next steps, in line with KCSiE 2021 part 4, and Oxfordshire County Council's Designated Officers' local procedures.

15. Whistleblowing in a Safeguarding Context

While the school has a separate whistleblowing policy, this is a summary that outlines the process when there is a concern that safeguarding issues have not been reported or followed correctly.

This does not replace the whistleblowing policy and should be read in conjunction with the school policy.

Whistleblowing is a term that is used when staff want to report a concern within their organisation that involves their manager or a person senior to them in the organisation which may prevent them from following the normal reporting systems.

There are a limited number of areas that can be called Whistleblowing, and the policy protects staff from being punished for raising concerns.

Within New College School, the headteacher, Matthew Jenkinson, is the senior manager and responsible for all staff. If you are concerned that any member of staff within the school is not following safeguarding processes or behaving in a way that is placing children at risk, you should, in the first place, make the headteacher aware.

If your concern is about the headteacher, you should raise this with Miles Young, our Chair of Governors via 01865 279524 (warden@new.ox.ac.uk)

If you would prefer to raise your concerns outside of the school, then you are able to contact the NSPCC whistleblowing line on 0800 028 0285 or email help@nspcc.org.uk for national organisations or make contact with Oxfordshire County Council.

If you believe that a member of the school staff is harming a child (an allegation) and this has been reported to the headteacher and no / insufficient action has been taken, or the member of staff you have concerns about is the headteacher, then you are able to contact the Designated Officers team (LADO) on 01865 810603 or email lado.safeguardingchildren@oxfordshire.gov.uk

If you believe that a child is being abused by individuals outside the school, you can make a referral to Children's Social Care by calling the MASH on: **0345 050 7666** (office hours) or **08450 507666** (outside of office hours).

Further guidance for staff can be accessed through:

<https://www.gov.uk/government/publications/what-to-do-if-youre-worried-a-child-is-being-abused--2> and through the NSPCC website <https://www.nspcc.org.uk/what-is-child-abuse/types-of-abuse/>

16. Preventing radicalisation

All of our staff will undergo online Prevent Awareness training to support them in identifying radicalisation and in understanding what steps they need to take to protect the children and families in our school.

This offers an introduction to the Prevent duty and explains how it aims to safeguard vulnerable people from being radicalised, supporting terrorism or becoming terrorists themselves.

<http://www.elearning.prevent.homeoffice.gov.uk>

Prevent Referrals

This package builds on the Prevent awareness eLearning training. It is designed to make sure that when we share a concern that a vulnerable individual may be being radicalised, that the referral is robust, informed and with good intention, and that the response to that concern is considered, and proportionate.

<https://www.elearning.prevent.homeoffice.gov.uk/preventreferrals>

Channel Awareness

This training package is for anyone who may be asked to contribute to, sit on, or even run a Channel Panel. It is aimed at all levels, from a professional asked to input and attend for the first time, to a member of staff new to their role and organising a panel meeting.

<https://www.elearning.prevent.homeoffice.gov.uk/channelawareness>

link to OSCB guidance on PREVENT <https://www.oscb.org.uk/safeguarding-themes/prevent/>

17. Related Safeguarding Policies

This policy should be read in conjunction with the policies as listed below:

- Behaviour Management, linked to the Use of Physical Intervention
- Online Safety and Social Media
- Anti-Bullying
- Data Protection and Information Sharing
- Image Use
- Relationship & Sex Education
- Personal and Intimate Care
- Health and Safety
- Attendance
- Risk Assessments (e.g. school trips, use of technology)
- First Aid and Accidents
- Staff Behaviour Policy (including Acceptable Use of Technology)
- Safer Recruitment
- Whistleblowing
- Documents relating to the care and safeguarding of choristers (including Chorister welfare and Tours, guide to Choristerships at New College, Routine Supervision and Safeguarding of Choristers in College, Protocol on Choir Activities)
- Safeguarding children in one-on-one music lessons; safeguarding children in off-site performances

18. Policy review

As a school, we review this policy at least annually in line with DfE, OSCB and OCC requirements and other relevant statutory guidance.

Date approved by governing body: September 2021

Date reviewed by governing body: September 2022

Annex 1

Roles and Responsibilities within New College School.

1) Staff responsibilities

All staff have a key role to play in identifying concerns early and in providing help for children. To achieve this, they will:

- Establish and maintain an environment where children feel secure, are encouraged to talk and are listened to.
- Ensure children know that there are adults in the school who they can approach if they are worried or have concerns.
- Plan opportunities within the curriculum for children to develop the skills they need to recognise, assess and manage risk appropriately and keep themselves safe.
- Attend training in order to be aware of and alert to the signs of abuse.
- Maintain an attitude of “it could happen here” with regards to safeguarding.
- Record their concerns if they are worried that a child is being abused and report these to the DSL as soon as practical that day. If the DSL is not contactable immediately a DDSL should be informed.
- Be prepared to refer directly to Social Care, and the police if appropriate, if there is a risk of significant harm and the DSL or DDSL is not available.
- Follow the allegations procedures, as set out in this policy and KCSIE 2021, if the disclosure is an allegation against a member of staff.
- Follow the procedures set out by the Oxfordshire Safeguarding Children Board (OSCB) and take account of guidance issued by the DfE.
- Support pupils in line with their child protection plan.
- Treat information with confidentiality but never promising to ‘keep a secret’.
- Notify the DSL or DDSL of any child on a child protection plan or child in need plan who has unexplained absence.
- Have an understanding of Early Help, contextual safeguarding and be prepared to identify and support children who may benefit from early help.
- Liaise with other agencies that support pupils and provide early help.
- Ensure they know who the DSL and DDSL are and know how to contact them.
- Have an awareness of the Child Protection Policy, the Behaviour Policy, the Staff Behaviour Policy (or Code of Conduct), procedures relating to the safeguarding response for children who go missing from education and the role of the DSL.
- Have an awareness of Mental Health problems and how in some cases are an indicator of the child being at risk of harm.

2) Senior Management Team responsibilities:

- Contribute to inter-agency working in line with Working Together to Safeguard Children 2018 guidance.

- Provide a co-ordinated offer of early help when additional needs of children are identified.
- Ensure staff are alert to the various factors that can increase the need for early help as written in KCSIE 2021.
- Working with Children's Social Care, supporting their assessment and planning processes including the school's attendance, including school holidays, at conference and core group meetings and the contribution of written reports for these meetings.
- Carry out tasks delegated by the governing body such as training of staff, safer recruitment and maintaining a single central register.
- Provide support and advice on all matters pertaining to safeguarding and child protection to all staff, regardless of their position within the school.
- Treat any information shared by staff or pupils with respect and follow agreed policies and procedures.
- Ensure that allegations or concerns against staff are dealt with in accordance with guidance from Department for Education (DfE) and the OSCB procedures.

3) Governing body responsibilities

- Ensure the school has effective safeguarding policies and procedures including a Child Protection Policy, a Staff Behaviour Policy or Code of Conduct, a Behaviour Policy and a written response to children who go missing from education.
- Ensure OSCB is informed in line with local requirements via the annual safeguarding report returned to the Education Safeguarding Advisory Team.
- Ensure recruitment, selection and induction follows safer recruitment practice including all appropriate checks.
- Ensure allegations against staff are dealt with by the headteacher and that allegations against the headteacher are dealt with by the Chair of Governors.
- Ensure a member of the Senior Leadership Team is appointed as Designated Safeguarding Lead and has this recorded in their job description.
- Ensure staff have been trained appropriately and this is updated in line with guidance.
- Ensure any safeguarding deficiencies or weaknesses are remedied without delay.
- Ensure a nominated governor for safeguarding is identified.
- Ensure they facilitate a whole school or college approach to safeguarding. This means ensuring safeguarding and child protection are at the forefront and underpin all relevant aspects of process and policy development. Ultimately, all systems, processes and policies should operate with the best interests of the child at their heart.
- Ensure that, as part of the requirement for staff to undergo regular updated safeguarding training, including online safety and the requirement to ensure children are taught about safeguarding, is integrated, aligned, and considered as part of the whole school or college safeguarding approach and wider staff training and curriculum planning.
- Consider the above training requirements, governing bodies and proprietors should have regard to the Teachers' Standards which set out the expectation

that all teachers manage behaviour effectively to ensure a good and safe educational environment and requires teachers to have a clear understanding of the needs of all pupils.

- Ensure where governing bodies or proprietors hire or rent out school or college facilities/premises to organisations or individuals (for example to community groups, sports associations, and service providers to run community or extra-curricular activities) they should ensure that appropriate arrangements are in place to keep children safe.

4) DSL responsibilities *(in conjunction with DSL role description in KCSiE)*

In addition to the role of all staff and the senior management team, the DSL will:

- Refer cases to MASH, and the police where appropriate, in a timely manner avoiding any delay that could place the child at more risk.
- Assist the Governing Body in fulfilling its safeguarding responsibilities set out in legislation and statutory guidance.
- Attend appropriate training and demonstrate evidence of continuing professional development to carry out the role.
- Ensure every member of staff knows who the DSL and the DDSL are, have an awareness of the DSL role and know how to contact them.
- Ensure all staff and volunteers understand their responsibilities in being alert to the signs of abuse and responsibility for referring any concerns about a child to the DSL and concerns about an adult to the headteacher.
- Ensure whole school training occurs regularly, with at least annual updates so that staff and volunteers can fulfil their responsibilities knowledgeably.
- Ensure any members of staff joining the school outside the agreed training schedule receive induction prior to commencement of their duties.
- Keep records of child protection concerns securely and separately from the main pupil file and use these records to assess the likelihood of risk.
- Ensure that safeguarding records are transferred accordingly (separate from pupil files) and in a timely fashion when a child transfers school.
- Ensure that, where a pupil transfers school and is subject to a child protection plan or is a Child we care for, their information is passed to the new school immediately and that the child's social worker is informed. Consideration should be given to convening a transition meeting prior to moving if the case is complex or on-going.
- Be aware of the training opportunities and information provided by OSCB to ensure staff are aware of the latest local guidance on safeguarding.
- Develop, implement, and review procedures in the school that enable the identification and reporting of all cases, or suspected cases, of abuse.
- Meet any other expectations set out for DSLs in KCSiE 2021
- Help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced, with teachers and school and college leadership staff.
- Work alongside and liaise with the three Safeguarding Partners in line with Working together to Safeguard Children and NSPCC. [When to call the police guidance](#)

Annex 2

Dealing with disclosures

All staff should ensure:

A member of staff who is approached by a child should listen positively and try to reassure them. They cannot promise complete confidentiality and should explain that they may need to pass information to other professionals, to help keep the child or other children safe. The degree of confidentiality should always be governed by the need to protect the child.

Additional consideration needs to be given to children with communication difficulties and for those whose preferred language is not English. It is important to communicate with them in a way that is appropriate to their age, understanding and preference.

All staff should know who the DSL is and who to approach if the DSL is unavailable. Ultimately, all staff have the responsibility to make a referral to the police or social care directly and should do this if, for whatever reason, there are difficulties following the agreed protocol, e.g. they are the only adult on the school premises at the time and have concerns about sending a child home.

Guiding principles: the seven R's:

Receive

- Listen to what is being said, without displaying shock or disbelief
- Accept what is said and take it seriously
- Make a note of what has been said as soon as practicable

Reassure

- Reassure the pupil, but only so far as is honest and reliable
- Don't make promises you may not be able to keep e.g. 'I'll stay with you' or 'everything will be alright now' or 'I'll keep this confidential'
- Do reassure e.g. you could say: 'I believe you', 'I am glad you came to me', 'I am sorry this has happened', 'We are going to do something together to get help'

Respond

- Respond to the pupil only as far as is necessary for you to establish whether or not you need to refer this matter, but do not interrogate for full details
- Do not ask 'leading' questions i.e. 'did he touch your private parts?' or 'did she hurt you?' Such questions may invalidate your evidence (and the child's) in any later prosecution in court
- Do not ask the child why something has happened.

- Do not criticise the alleged perpetrator; the pupil may care about him/her, and reconciliation may be possible
- Do not ask the pupil to repeat it all for another member of staff. Explain what you have to do next and whom you have to talk to. Reassure the pupil that it will be a senior member of staff

Report

- Share concerns with the DSL as soon as possible by contacting Rosemary Cox in person (available in Pre-Prep/Reception), via rosemary.cox@newcollegeschool.org or via 01865 285560
- If you are not able to contact your DSL or the Deputy, and the child is at risk of immediate harm, contact MASH or Police immediately

Record

- If possible, make some very brief notes at the time, and record them as soon as possible, handing them or sending them via email to the DSL
- Keep your original notes on file
- Record the date, time, place, persons present and noticeable nonverbal behaviour, and the words used by the child. If the child uses sexual 'pet' words, record the actual words used, rather than translating them into 'proper' words
- Complete a body map to indicate the position of any noticeable bruising
- Record facts and observable things, rather than your 'interpretations' or 'assumptions'

Remember

- Support the child: listen, reassure, and be available
- Complete confidentiality is essential. Share your knowledge only with appropriate professional colleagues
- Try to get some support for yourself if you need it

Review processes (led by DSL)

- Has the action taken provided good outcomes for the child?
- Did the procedure work?
- Were any deficiencies or weaknesses identified in the procedure? Have these been remedied?
- Is further training required?

Annex 3

Abuse and Neglect

Knowing what to look for is vital to the early identification of abuse and neglect. **All** staff should be aware of indicators of abuse and neglect so that they are able to identify cases of children who may be in need of help or protection. If staff are unsure, they should **always** speak to the designated safeguarding lead (or deputy).

All school and college staff should be aware that abuse, neglect and safeguarding issues are rarely stand-alone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

Definitions and Indicators of abuse and neglect

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Indicators of physical abuse / factors that should increase concern

- Multiple bruising or bruises and scratches (especially on the head and face)
- Clusters of bruises – e.g., fingertip bruising (caused by being grasped)
- Bruises around the neck and behind the ears – the most common abusive injuries are to the head
- Bruises on the back, chest, buttocks, or on the inside of the thighs
- Marks indicating injury by an instrument – e.g., linear bruising (stick), parallel bruising (belt), marks of a buckle
- Bite marks
- Deliberate burning may also be indicated by the pattern of an instrument or object – e.g., electric fire, cooker, cigarette
- Scalds with upward splash marks or *tide marks*
- Untreated injuries
- Recurrent injuries or burns
- Bald patches.

In the social context of the school, it is normal to ask about a noticeable injury. The response to such an enquiry is generally light-hearted and detailed. So, most of all, concern should be increased when:

- the explanation given does not match the injury
- the explanation uses words or phrases that do not match the vocabulary of the child (adult words)
- no explanation is forthcoming
- the child (or the parent/carer) is secretive or evasive
- the injury is accompanied by allegations of abuse or assault

You should be concerned if the child or young person:

- is reluctant to have parents/carers contacted
- runs away or shows fear of going home
- is aggressive towards themselves or others
- flinches when approached or touched
- is reluctant to undress to change clothing for sport
- wears long sleeves during hot weather
- is unnaturally compliant in the presence of parents/carers.
- has a fear of medical help or attention
- admits to a punishment that appears excessive.

Link to OSCB guidance on physical abuse <https://www.oscb.org.uk/safeguarding-themes/physical-abuse/>

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Indicators of emotional abuse

Developmental issues

- Delays in physical, mental and emotional development
- Poor school performance
- Speech disorders, particularly sudden disorders or changes.

Behaviour

- Acceptance of punishment which appears excessive
- Over-reaction to mistakes
- Continual self-deprecation (I'm stupid, ugly, worthless etc)

- Neurotic behaviour (such as rocking, hair-twisting, thumb-sucking)
- Self-mutilation
- Suicide attempts
- Drug/solvent abuse
- Running away
- Compulsive stealing, scavenging
- Acting out
- Poor trust in significant adults
- Regressive behaviour – e.g., wetting
- Eating disorders
- Destructive tendencies
- Neurotic behaviour
- Arriving early at school, leaving late

Social issues

- Withdrawal from physical contact
- Withdrawal from social interaction
- Over-compliant behaviour
- Insecure, clinging behaviour
- Poor social relationships

Emotional responses

- Extreme fear of new situations
- Inappropriate emotional responses to painful situations (“I deserve this”)
- Fear of parents being contacted
- Self-disgust
- Low self-esteem
- Unusually fearful with adults
- Lack of concentration, restlessness, aimlessness
- Extremes of passivity or aggression

Most harm is produced in *low warmth, high criticism* homes, not from single incidents.

Emotional abuse is difficult to define, identify/recognise and/or prove.

Emotional abuse is chronic and cumulative and has a long-term impact.

It is sometimes possible to spot emotionally abusive behavior from parents and car/ers to their children, by the way that the adults are speaking to, or behaving towards children. An appropriate challenge or intervention could affect positive change and prevent more intensive work being carried out later on.

Link to OSCB guidance on emotional abuse <https://www.oscb.org.uk/safeguarding-themes/emotional-abuse/>

Link to OSCB guidance on Domestic Abuse <https://www.oscb.org.uk/safeguarding-themes/domestic-abuse/>

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the

child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education see ANNEX 4.

Characteristics of child sexual abuse:

- it is often planned and systematic – people do not sexually abuse children by accident, though sexual abuse can be opportunistic
- grooming the child – people who abuse children take care to choose a vulnerable child and often spend time making them dependent
- grooming the child's environment – abusers try to ensure that potential adult protectors (parents and other carers especially) are not suspicious of their motives.

Most people who sexually abuse children are men, but some women sexually abuse too.

Indicators of sexual abuse

Physical observations

- Damage to genitalia, anus, or mouth
- Sexually transmitted diseases
- Unexpected pregnancy, especially in very young girls
- Soreness in genital area, anus or mouth and other medical problems such as chronic itching
- Unexplained recurrent urinary tract infections and discharges or abdominal pain

Behavioural observations

- Sexual knowledge inappropriate for age
- Sexualised behaviour or affection inappropriate for age
- Sexually provocative behaviour/promiscuity
- Hinting at sexual activity. Inexplicable decline in school performance
- Depression or other sudden apparent changes in personality as becoming insecure or clinging
- Lack of concentration, restlessness, aimlessness
- Socially isolated or withdrawn
- Overly compliant behaviour
- Acting out, aggressive behaviour
- Poor trust or fear concerning significant adults
- Regressive behaviour,
- Onset of wetting, by day or night; nightmares
- Onset of insecure, clinging behaviour

- Arriving early at school, leaving late, running away from home
- Suicide attempts, self-mutilation, self-disgust
- Suddenly drawing sexually explicit pictures
- Eating disorders or sudden loss of appetite or compulsive eating
- Regressing to younger behaviour patterns such as thumb sucking or bringing out discarded cuddly toys
- Become worried about clothing being removed

Link to OSCB guidance on sexual abuse <https://www.oscb.org.uk/safeguarding-themes/sexual-abuse/>

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

NSPCC research has highlighted the following examples of the neglect of children under 12:

- frequently going hungry
- frequently having to go to school in dirty clothes
- regularly having to look after themselves because of parents being away or having problems such as drug or alcohol misuse
- being abandoned or deserted
- living at home in dangerous physical conditions
- not being taken to the doctor when ill
- not receiving dental care.

Neglect is a difficult form of abuse to recognise and is often seen as less serious than other categories. It is, however, very damaging: children who are neglected often develop more slowly than others and may find it hard to make friends and fit in with their peer group.

Neglect is often noticed at a stage when it does not pose a risk to the child. The duty to safeguard and promote the welfare of children (*What to do if You're Worried a Child is Being Abused* DfE 2015) would suggest that an appropriate intervention or conversation at this early stage can address the issue and prevent a child continuing to suffer until it reaches a point when they are at risk of harm or in significant need.

Link to the OSCB guidance on Neglect and toolkit :
<http://www.oscb.org.uk/safeguarding-themes/neglect/>

Neglect is often linked to other forms of abuse, so any concerns school staff have should at least be discussed with the DSL.

Indicators of neglect

The following is a summary of some of the indicators that may suggest a child is being abused or is at risk of harm. It is important to recognise that indicators alone cannot confirm whether a child is being abused. Each child should be seen in the context of their family and wider community and a proper assessment carried out by appropriate persons. What is important to keep in mind is that if you feel unsure or concerned, do something about it. Don't keep it to yourself. The OSCB childcare and development checklist/toolkit provides a more detailed list of indicators of neglect and is available to all staff

Physical indicators of neglect

- Constant hunger and stealing food
- Poor personal hygiene - unkempt, dirty or smelly
- Underweight
- Dress unsuitable for weather
- Poor state of clothing
- Illness or injury untreated

Behavioural indicators of neglect

- Constant tiredness
- Frequent absence from school or lateness
- Missing medical appointments
- Isolated among peers
- Frequently unsupervised
- Stealing or scavenging, especially food

Annex 4

Peer on peer abuse

All staff should be aware that children can abuse other children (often referred to as peer-on-peer abuse). This is most likely to include, but may not be limited to:

- bullying (including cyberbullying).
- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise
- causing physical harm.
- sexual violence, such as rape, assault by penetration and sexual assault
- sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be stand-alone or part of a broader pattern of abuse.
- up skirting, which typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm.
- sexting (also known as youth produced sexual imagery); and
- initiation/hazing type violence and rituals.

All staff should be clear as to the school's or college's policy and procedures with regards to peer-on-peer abuse. Our school uses the OCC Peer on Peer guidance.

Sexual violence and sexual harassment between children

There is concern nationally relating to a culture of misogyny and sexual harassment in many schools and the DfE and Ofsted have reviewed school procedures. As a response, all school/colleges should include a statement on the school's website that gives information on reporting concerns or abuse using the new Government helpline and email address. Schools/colleges should have clear mechanisms for students to report concerns within school that are signposted and prevalent.

Part 5 of the statutory guidance in Keeping Children Safe in Education 2021 sets out how our school/college will manage reports of child-on-child sexual violence and harassment. That part of the guidance also links through to a further Department for Education (DfE) advice document from September 2021: '**Sexual violence and sexual harassment between children in schools and colleges**'. This document is read and understood by DSLs and referred to as needed, particularly if a report of child-on-child sexual violence or sexual harassment is made.

If a report is made, the designated safeguarding lead will lead how the report is dealt with, given the high-profile nature of the report. This will be in liaison with the Headteacher. Where the DSL is unavailable, a Deputy DSL will lead. On a case-by-case basis, there will be consideration made as to the gender of the DSL or Deputy, so that the victim feels comfortable with how the investigation is managed.

When it comes to action to manage the report, the needs and wishes of the victim will take centre stage. Considerations should include how the investigation proceeds and what support the victim requires. Sexual violence and sexual harassment are not acceptable and will not be tolerated. Reports will not be passed off as banter or part of growing up.

Where a report of rape, assault by penetration or sexual assault is made, children's social care and the police will be informed. Before doing so, this will be discussed with the victim and their parents/carers, explaining why it is important for other agencies to know and how these agencies will be able to support the victim. Other allegations will be managed within the school and/or with support from children's social care providers.

The guidance and the DfE advice set out the steps the school will take to manage the students involved, including risk assessments, separating the students in lessons, investigating the report, and supporting the victim and alleged perpetrator

Our school also uses the Stop Now tool.

<https://www.stopitnow.org.uk/concerned-about-a-child-or-young-persons-sexual-behaviour/how-to-tell-if-a-childs-sexual-behaviour-is-age-appropriate/>

<https://www.stopitnow.org.uk/concerned-about-a-child-or-young-persons-sexual-behaviour/preventing-harmful-sexual-behaviour/>

"The tool uses a traffic light system to categorize the sexual behaviours of young people and is designed to help professionals:

- Make decisions about safeguarding children and young people
- Assess and respond appropriately to sexual behaviour in children and young people
- Understand healthy sexual development and distinguish it from harmful behaviour”

Annex 5

Online Safety

- It is recognised by New College School that the use of technology presents challenges and risks to children and adults both inside and outside of school.
- The DSL has overall responsibility for online safeguarding within the school.
- New College School identifies that the issues can be broadly categorised into three areas of risk:
 - **content:** being exposed to illegal, inappropriate or harmful material
 - **contact:** being subjected to harmful online interaction with other users
 - **conduct:** personal online behaviour that increases the likelihood of, or causes, harm.
- The DSL and leadership team have read annex C regarding Online Safety within ‘Keeping Children Safe in Education’ 2021.
- New College School recognises the specific risks that can be posed by mobile phones and cameras and in accordance with KCSIE 2021 and EYFS 2021 has appropriate policies in place that are shared and understood by all members of the school community. Further information about specific approaches relating to this can be found in the schools **Online Safety Policy, Acceptable Use Policy and Image Use Policy** which can be found in the **staff handbook and is available from the School Office.**
- As schools and colleges increasingly work online, it is essential that children are safeguarded from potentially harmful and inappropriate online material New College School will ensure that appropriate filtering and monitoring systems are in place when pupils and staff access school systems and internet provision.
- New College School acknowledges that whilst filtering and monitoring is an important part of school’s online safety responsibilities, it is only one part of our approach to online safety. Pupils and adults may have access to systems external to the school control such as mobile phones and other internet enabled devices and technology and where concerns are identified appropriate action will be taken.
- New College School acknowledges where children are being asked to learn online at home the department has provided advice to support schools and colleges do so safely.

New College School will ensure a comprehensive whole school curriculum response is in place to enable all pupils to learn about and manage online risks effectively and will support parents and the wider school community (including all members of staff) to become aware and alert to the need to keep children safe online.

Annex 6

Safeguarding issues

All staff should have an awareness of safeguarding issues which can put children at risk of harm. Behaviours linked to issues such as drug taking, alcohol abuse, deliberately missing education and sexting (also known as youth produced sexual imagery) can put children in danger.

Mental health

Within our school, we aim to promote positive mental health and wellbeing for our whole community (students, staff, parents and carers), and recognise how important mental health and emotional wellbeing is to our lives, in just the same way as physical health. We recognise that children and young people's mental health is a crucial factor in their overall wellbeing and can affect their learning and achievement. All children and young people will have varying mental health during their school career. However, some face significant life events which can seriously impact their emotional wellbeing and can include mental illness.

The Department for Education (DfE) recognises that: "Schools have a role to play in supporting the mental health and wellbeing of children" (Mental Health and Behaviour in School, 2018). Schools can be a place for all students to experience a nurturing and supportive environment that has the potential to develop self-esteem and give positive experiences for overcoming adversity and building resilience.

Schools are also a place of respite from difficult home lives and offers, positive role models and relationships, which are critical in promoting the wellbeing of all young people.

The role of school is to ensure that students can manage times of change and stress, and that they are supported to reach their potential or access help when they need it. The school also has a role to ensure that students learn about what they can do to maintain positive mental health, what affects their mental health, how they can help reduce the stigma surrounding mental health issues, and where they can go if they need help and support.

Serious violence

All staff should be aware of indicators, which may signal that children are at risk from, or are involved with serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant

change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs.

All staff should be aware of the associated risks and understand the measures in place to manage these. Advice for schools and colleges is provided in the Home Office's Preventing youth violence and gang involvement <https://www.gov.uk/government/publications/advice-to-schools-and-colleges-on-gangs-and-youth-violence> and its Criminal exploitation of children and vulnerable adults: county lines guidance <https://www.gov.uk/government/publications/criminal-exploitation-of-children-and-vulnerable-adults-county-lines>

Upskirting

'Upskirting' typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is now a criminal offence and the perpetrator can face a sentence of up to 2 years in prison. Anyone of any gender can be a victim.

So-called 'honour-based' Abuse (including Female Genital Mutilation and Forced Marriage)

So-called 'honour-based' Abuse (HBA) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving "honour" often involves a wider network of family or community pressure and can include multiple perpetrators. It is important to be aware of this dynamic and additional risk factors when deciding what form of safeguarding action to take. All forms of HBA are abuse (regardless of the motivation) and should be handled and escalated as such. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBA, or already having suffered HBA.

Female Genital Mutilation

FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and is a form of child abuse with long-lasting harmful consequences.

Whilst **all** staff should speak to the designated safeguarding lead (or deputy) with regard to any concerns about female genital mutilation (FGM), there is a specific **legal duty on teachers**. If a teacher, in the course of their work in the profession, discovers that an act of FGM appears to have been carried out on a girl under the age of 18, the teacher **must** report this to the police.

Contextual safeguarding

All staff should be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school or college and/or can occur between children outside of these environments. All staff, but especially the designated safeguarding lead (and deputies) should consider whether children are at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence.

Children's social care assessments should consider such factors, so it is important that schools and colleges provide as much information as possible as part of the referral process. This will allow any assessment to consider all the available evidence and the full context of any abuse. Additional information regarding contextual safeguarding is available here:

<https://contextualsafeguarding.org.uk/about/what-is-contextual-safeguarding>

Link to OSCB guidance on contextual safeguarding

<https://www.oscb.org.uk/safeguarding-themes/contextual-safeguarding/>

Children missing from education

All staff should be aware that children going missing, particularly repeatedly, can act as a vital warning sign of a range of safeguarding possibilities. This may include abuse and neglect, which may involve sexual abuse or exploitation and child criminal exploitation. It may indicate mental health problems, risk of substance abuse, risk of travelling to conflict zones, risk of female genital mutilation or risk of forced marriage. Early intervention is necessary to identify the existence of any underlying safeguarding risk and to help prevent the risks of a child going missing in future. Staff should be aware of their school's or college's unauthorised absence and children missing from education procedures.

Child sexual exploitation and child criminal exploitation (CCE)

Both CSE and CCE are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources. In some cases, the abuse will be in exchange for something the victim needs or wants and/or will be to the financial benefit or other advantage (such as increased status) of the perpetrator or facilitator. The abuse can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents over time and range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence. Victims can be exploited even when activity appears consensual, and it should be noted exploitation as well as being physical can be facilitated and/or take place online.

Some of the following can be indicators of CCE:

- children who appear with unexplained gifts or new possessions.

- children who associate with other young people involved in exploitation.
- children who suffer from changes in emotional well-being.
- children who misuse drugs and alcohol.
- children who go missing for periods of time or regularly come home late; and
- children who regularly miss school or education or do not take part in education.

The above CCE indicators can also be indicators of CSE, as can:

- children who have older boyfriends or girlfriends; and
- children who suffer from sexually transmitted infections or become pregnant.

Link to OSCB guidance on CSE <https://www.oscb.org.uk/safeguarding-themes/child-exploitation-modern-slavery/> and the CSE screening tool <https://www.oscb.org.uk/wp-content/uploads/2019/07/Child-Exploitation-Screening-Tool.pdf>

Link to OSCB guidance on child criminal exploitation <https://www.oscb.org.uk/safeguarding-themes/child-exploitation-modern-slavery/child-drug-exploitation-county-lines/>

Government Guidance:
[Child sexual exploitation: guide for practitioners](#)

County lines

County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs (primarily crack cocaine and heroin) into one or more importing areas [within the UK], using dedicated mobile phone lines or other form of “deal line”.

Exploitation is an integral part of the county lines offending model with children and vulnerable adults exploited to move [and store] drugs and money. Offenders will often use coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims. Children can be targeted and recruited into county lines in a number of locations including schools, further and higher educational institutions, pupil referral units, special educational needs schools, children’s homes and care homes. Children are often recruited to move drugs and money between locations and are known to be exposed to techniques such as ‘plugging’, where drugs are concealed internally to avoid detection. Children can easily become trapped by this type of exploitation as county lines gangs create drug debts and can threaten serious violence and kidnap towards victims (and their families) if they attempt to leave the county lines network.

One of the ways of identifying potential involvement in county lines are missing episodes (both from home and school), when the victim may have been trafficked for the purpose of transporting drugs and a referral to the National Referral Mechanism should be considered. If a child is suspected to be at risk of or involved in county lines, a safeguarding referral should be considered alongside consideration of availability of local services/third sector providers who offer support to victims of county lines exploitation.

Domestic abuse

The Domestic Abuse Act 2021 received Royal Assent on 29 April 2021. The Act introduces the first ever statutory definition of domestic abuse and recognises the impact of domestic abuse on children, as victims in their own right, if they see, hear or experience the effects of abuse. The statutory definition of domestic abuse, based on the previous cross-government definition, ensures that different types of relationships are captured, including ex-partners and family members. The definition captures a range of different abusive behaviours, including physical, emotional and economic abuse and coercive and controlling behaviour. Both the person who is carrying out the behaviour and the person to whom the behaviour is directed towards must be aged 16 or over and they must be “personally connected” **(as defined in section 2 of the 2021 Act) Further information can be found in KCSIE 2021 ANNEX B.**

Cybercrime

Cybercrime is criminal activity committed using computers and/or the internet. It is broadly categorised as either ‘cyber-enabled’ (crimes that can happen off-line but are enabled at scale and at speed on-line) or ‘cyber dependent’ (crimes that can be committed only by using a computer). Cyber-dependent crimes include;

- unauthorised access to computers (illegal ‘hacking’), for example accessing a school’s computer network to look for test paper answers or change grades awarded;
- denial of Service (Dos or DDoS) attacks or ‘booting’. These are attempts to make a computer, network or website unavailable by overwhelming it with internet traffic from multiple sources; and,
- making, supplying or obtaining malware (malicious software) such as viruses, spyware, ransomware, botnets and Remote Access Trojans with the intent to commit further offence, including those above.

Children with particular skill and interest in computing and technology may inadvertently or deliberately stray into cyber-dependent crime.

If there are concerns about a child in this area, the designated safeguarding lead (or a deputy), should consider referring into the **Cyber Choices** programme. This is a nationwide police programme supported by the Home Office and led by the National Crime Agency, working with regional and local policing. It aims to intervene where young people are at risk of committing, or being drawn into, low level cyber-dependent offences and divert them to a more positive use of their skills and interests.

Note that **Cyber Choices** does not currently cover ‘cyber-enabled’ crime such as fraud, purchasing of illegal drugs on-line and child sexual abuse and exploitation, nor other areas of concern such as on-line bullying or general on-line safety.

Additional advice can be found at: [Cyber Choices](#), ['NSPCC-when to call the police'](#) and [National Cyber Security Centre - NCSC.GOV.UK](#)

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child’s welfare. The designated safeguarding lead (and any deputies) should be

aware of contact details and referral routes into the Local Housing Authority so they can raise/progress concerns at the earliest opportunity. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. Whilst referrals and/or discussion with the Local Housing Authority should be progressed as appropriate, and in accordance with local procedures, this does not, and should not, replace a referral into children's social care where a child has been harmed or is at risk of harm

Further information around safeguarding issues can be found in KCSiE 2021 ANNEX B and on the OSCB website.

Annex 7

Staff Induction, awareness and training

- All members of staff have been provided with a copy of Part One of “*Keeping Children Safe in Education*” (2021) which covers safeguarding information for all staff. School leaders will read the entire document. Further information regarding the guidance and requirements can be found in KCSiE 2021.
- The DSL will ensure that all new staff and volunteers (including temporary staff) are aware of the school's internal safeguarding processes.
- All staff members (including temporary staff) will receive training to ensure they are aware of a range of safeguarding issues.
- All staff members (including temporary staff) will receive regular safeguarding and child protection updates, at least annually.
- All staff members (including temporary staff) will be made aware of the school's expectations regarding safe and professional practice via the staff behaviour policy (or code of conduct) and Acceptable Use Policy.
- The DSL and Head Teacher will provide an annual report to the Governing Body detailing safeguarding training undertaken by all staff and will maintain up to date register of who has been trained.
- Although the school has a nominated lead for the governing body, Jessica Williams, all members of the governing body will access appropriate safeguarding training which covers their specific strategic responsibilities on a regular basis.

Annex 9

This Safeguarding policy should be read in conjunction with the New College School policy on Relationships and Sex Education (RSE) and Health Education, following the statutory guidance published June 2019 and updated September 2021.

Aims

The aims of Relationships and Sex Education (RSE) at NCS are to:

- Provide a framework in which sensitive discussions can take place with the use of balanced and factual information
- Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Teach pupils the correct vocabulary to describe themselves and their bodies
- Help pupils develop feelings of self-respect, confidence and empathy
- To encourage pupils to reflect upon their own emotional development
- Create a positive culture around issues of sexuality and relationships, including the importance of family for the care and the support of children
- Help children to understand the consequences of their actions and behave responsibly within relationships
- Allow an open dialogue to allow pupils to understand what are consenting relationships
- Assist pupils to foster appropriate relationships online and help them to make well-founded decisions
- To assist pupils in being able to recognise unsafe situations, protect themselves and ask for appropriate help and support

New College School considers that Relationships and Sex Education (RSE) is an integral part of our Wellbeing/PSHCEE curriculum which is lifelong learning about physical, moral and emotional development. RSE should be underpinned by the school's wider values and a deliberate cultivation of individual traits such as honesty, integrity, courage, humility, kindness, generosity, trustworthiness and a sense of justice. It should also promote the importance of self-respect and self-worth. The programme also considers the latest government documentation in this area such as the 'Review of Sexual Abuse in Schools and Colleges' (2021). We aim to deliver pupils a carefully planned programme on human development, relationships, sexuality and family life within a safe, comfortable atmosphere. The programme is set within a moral framework and matched to the pupils' level of maturity. These aims complement those of the Science curriculum in KS1, KS2 & KS3.

Statutory requirements

In the primary years (Reception – Year 6) NCS must provide relationship education to all pupils as per section 34 of the Children and Social work act 2017.

This includes teaching the elements of Sex Education contained in the statutory Science curriculum.

In teaching RSE, we must have regard to guidance issued by the secretary of state as outlined in section 403 of the Education Act 1996.

In the senior end of the prep school (Years 7-8) NCS must cover elements of Sex and Relationships Education. Should you like to see the guidance from the government please visit:

<https://www.gov.uk/government/publications/relationships-education-relationships-and-sex-education-rse-and-health-education>

Definition

NCS understands Relationship and Sex Education (RSE) to be the process of lifelong learning about physical, moral and emotional development. It is about the importance of family life, stable and loving relationships, respect, love and care. It is also about the teaching of sex, sexuality and sexual health.

Effective RSE does not encourage early sexual experimentation. Instead, it aims to teach young people to understand human sexuality and to respect themselves and others. At NCS, we want to build our pupils' self-esteem and confidence in order to make good, positive future decisions around sexual activity.

Curriculum and Equality

Our RSE curriculum is embedded within our Wellbeing/PSHCEE programme and thus delivered by the form/assistant forms tutors and with the help of lessons given by a School Health Nurse. Parents will be contacted prior to the session with the School Nurse and informed of the topics which will be discussed in each year group.

We have developed the curriculum considering the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an age-appropriate manner so they are fully informed and don't seek answers online.

NCS will ensure that RSE is accessible for all its pupils. Quality teaching that is differentiated and personalised will be the starting point to ensure accessibility. We will ensure that all pupils are able to engage with the content at an appropriate level and acknowledge that there will be natural discrepancies with each pupil's prior knowledge. RSE at NCS is inclusive of difference: gender identity, sexual orientation, disability, ethnicity, culture, age, faith or belief or other life experience.

The school is aware that some pupils are more vulnerable to exploitation, bullying and other issues due to their SEND. Such factors will be taken into consideration in the delivery of RSE.

Primary sex education will focus on:

- Preparing pupils for the changes that adolescence brings
- Exploring the impact of puberty on the body and the importance of physical hygiene
- Understanding that menstruation and wet dreams are a normal part of growing up
- How a baby is conceived and born, considered in the context of relationships
- Answering each other's questions about sex and relationships with confidence and knowing where to find support and advice

Year 7 & Year 8 sex and relationships education will focus on –

- Changing nature of relationships (including same-sex relationships)
- Emotional aspects of puberty and growing up (including a look at body image linked with the media and the internet) and the legalities and dangers of *sexting*
- Understanding sexual relationships & sexual health
- Appropriate and consenting relationships

Roles and responsibilities

With the oversight of the *Headmaster and Governors*, *The Deputy Head Pastoral* is responsible for co-ordinating the delivery of RSE at NCS. Staff are supported in their delivery of RSE through coordinated planning, external talks through Ms Kate Lay, an Oxfordshire School Nurse, in Years 6, 7 & 8.

The school will ensure that all staff understand and support the purpose and aims of the Sex and Relationships Policy, and that they are also aware of their professional role and responsibilities as determined by current legislation. In addition, *staff* will be responsible for:

- *Delivering RSE in a sensitive way*
- *Modelling positive attitudes to RSE*

- *Monitoring progress through:* Monitoring pupil participating on workshop sessions with Oxfordshire health care professionals, summative assessment used in workshop sessions through questioning and surveys, closely considering follow-up pupils may ask in Wellbeing sessions and other interactions with staff and the close monitoring of entries in the Anti-Bullying Log and the log of sanctions (on Schoolbase platform) in regard to protected characteristics
- *Responding to the needs of individual pupils*

NCS is committed to working closely with parents, guardians and carers to deliver high quality, meaningful RSE which prepares their children to have happy and healthy relationships now and in the transition to adult life. Parents, staff and governors have been consulted throughout this process and development of the NCS RSE policy.

Pupils are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

Parents

NCS considers that the primary role in children's RSE lies with parents and carers. We wish to build a positive and supporting relationship with the parents of children at our school through mutual understanding, trust and co-operation. In promoting this objective, we:

- Inform parents about the school's RSE policy and practice; this includes informing parents by letter or email before beginning to teach a unit of RSE
- Consult parents of all registered pupils (usually via the Headmaster's newsletter) before making or revising a statement of RSE provision
- Answer any questions that parents may have about the RSE of their child; this includes providing opportunities for parents to view the resources that are used in lessons
- Take seriously any issue that parents raise with teachers or governors about this policy or the arrangements for RSE in the school
- Reflect on regular parental surveys

- Parents have the right to withdraw their children from the non-statutory components of sex education within RSE. However, this rarely happens as, by working in partnership with parents, they recognise the importance of this aspect of their child's education
- A register of any pupils who are removed from lessons will be kept and distributed to all teachers involved

We consider the sex and relationships programme to be a very important part of preparation for life. Parents and carers have the statutory right to withdraw their children from any part of the sex and relationships programme (Year 7 & 8). If they wish to do so they should inform the Deputy Head Pastoral in writing (brett.morrison@newcollegeschool.org).

The below topics are covered in Wellbeing/PSHCEE lessons by the form/assistant form tutor. Some elements of cyber safety will be delivered in conjunction with the ICT lessons by Mr Peter Cui. The majority of resources used will be taken from the PHSE association, NSPCC and the Family Links nurturing programme and Internet Matters. (SN) indicates a session ran by an Oxfordshire School Nurse – parents will be contacted before the lessons with the school nurse should they wish to discuss any of these topics with their child. Parents should contact the Deputy Head Pastoral should they wish to ask any further questions or wish to look at the resources used.

Annex 10

Low-Level Concerns

This policy should be read in conjunction with the School's Safeguarding Policy and Procedures, Staff Code of Conduct and Whistleblowing Policy, to enable staff to share their concerns, no matter how small, about their own or another member of staff's behaviour. The purpose of the policy is to create and embed a culture of openness, trust and transparency in which the clear values and expected behaviour which are set out in the school's Code of Conduct are constantly lived, monitored and reinforced by all staff. The school deals with all concerns about adults working in or behalf of the school appropriately and promptly.

The school seeks to create an environment where staff are encouraged and feel confident to self-refer, where, for example, they have found themselves in a situation which could be misinterpreted, might appear compromising to others, and/or on reflection they believe they have behaved in such a way that they consider falls below expected professional standards.

This policy seeks to

- ensure that staff are clear about, and confident to distinguish between, expected and appropriate behaviour from concerning, problematic or inappropriate behaviour – in themselves and others, and the delineation of professional boundaries and reporting lines
- empower staff to share any low-level concerns with the Headmaster
- help staff address unprofessional behaviour and help the individual to correct such behaviour at an early stage
- identify concerning, problematic or inappropriate behaviour – including any patterns – that may need to be consulted upon with (on a no-names basis if appropriate), or referred to, the LADO
- provide for responsive, sensitive and proportionate handling of such concerns when they are raised
- help identify any weaknesses in the organisation's safeguarding system.

This policy applies to **all** staff at NCS.

Defining a Low-Level Concern

A low-level concern is one that **does not** meet the harm threshold as stated in the school's Safeguarding Policy. That is, when anyone working in a school (including volunteers, supply staff and contractors) has:

- behaved in a way that has harmed a child, or may have harmed a child and/or;
 - possibly committed a criminal offence against or related to a child and/or;
 - behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children; and/or
 - behaved or may have behaved in a way that indicates they may not be suitable to work with children (which includes behaviour that may have happened **outside** school posing a transferable risk to children).
- Responses and actions to behaviours that may meet the harm threshold are contained specifically within section 6 of the School's Safeguarding Policy, 'Allegations Regarding Staff (or volunteers)'. These should be reported to the Headmaster without delay.

A low-level concern is **any** concern – **no matter how small**, and even if no more than causing a sense of unease or a 'nagging doubt' (i.e. they *believe* it could be a concern) – that an adult working in or on behalf of the school may have acted in a way that:

- is inconsistent with the staff code of conduct, including inappropriate conduct outside of work; and
- does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the LADO.

Examples of such behaviour could include, but are not limited to:

- being over friendly with children;
- having favourites;
- taking photographs of children on their mobile phone;
- engaging with a child on a one-to-one basis in a secluded area or behind a closed door; or,
- using inappropriate sexualised, intimidating or offensive language.

Such behaviour can exist on a wide spectrum, from the inadvertent or thoughtless, or behaviour that may look to be inappropriate, but might not be in specific circumstances, through to that which is ultimately intended to enable abuse.

Responsibilities of staff

It is important that **all** staff are clear of the expectations the school stipulates from them as contained in the Staff Code of Conduct. This is covered annually by the Designated Safeguarding Lead, and as part of the school's induction for new staff.

It is crucial that **any** concerns in relation to a staff member's behaviour, including those which do not meet the harm threshold, are shared responsibly and with the Headmaster. This should be done without delay.

Where there are concerns/allegations about the Headmaster, this should be referred to the Chair of Governors (whose contact details can be found in the School's Safeguarding Policy document).

Staff members who are concerned about how their behaviour may have been interpreted, or, on reflection, re-evaluate their behaviour as one that may have been in contrary to the school's code of conduct and expectations, they self-refer to the Headmaster.

Dealing with Low-Level Concerns

All low-level concerns may be shared verbally with the Headmaster in the first instance, but must then be recorded in writing.

The record should include:

- details of the concern
- the context in which the concern arose
- action taken

The name of the individual sharing their concerns should also be noted, but if the individual wishes to remain anonymous then that should be respected as far as reasonably possible.

Where the low-level concern is provided verbally, the Headmaster should make an appropriate record of the conversation, either at the time or immediately following the discussion, paying heed to the details above. Records will be signed, timed and dated. Records will remain confidential in accordance with the school's Data Protection policies and GDPR.

Responding to a Low-Level Concern

The Headmaster will in the first instance satisfy themselves that it is a low-level concern and should not be reclassified as a higher level concern/allegation and dealt with under the appropriate procedure below.

The circumstances in which a low-level concern might be reclassified are where: (a) the threshold is met for a higher-level concern/allegation

(b) there is a pattern of low-level concerns which collectively amount to a higher-level concern/allegation or

(c) there is other information which when taken into account leads to a higher-level concern/allegation.

Where the Headmaster is in any doubt whatsoever, advice will be sought from the LADO, if necessary, on a 'no-names' basis.

Having established that the concern is low-level, the Headmaster will discuss it with the individual who has raised it and will take any other steps to investigate it as necessary. If the concern has been raised via a third party, the Headmaster should collect as much evidence as possible by speaking:

- directly to the person who raised the concern, unless it has been raised anonymously;
- to the individual involved and any witnesses.

The information collected will help them to categorise the type of behaviour and determine what further action may need to be taken. All of this needs to be recorded along with the rationale for their decisions and action taken. Reports about supply staff and contractors will be notified to their employers, so any potential patterns of inappropriate behaviour can be identified.

Most low-level concerns by their very nature are likely to be minor and will be dealt with by means of management guidance, training etc. In dealing with a low-level concern with a member of staff, this will be approached in a sensitive and proportionate way. In many cases, a low-level concern will simply require a conversation with the individual about whom the concern has been raised.

Details of the concern will be recorded along with the rationale for decisions and action taken.

Any conversation with a member of staff following a concern will include being clear with the individual as to why their behaviour is concerning, problematic or inappropriate, what change is required in their behaviour, enquiring what, if any, support they might need in order to achieve and maintain that, and being clear about the consequences if they fail to reach the required standard or repeat the behaviour in question. Ongoing and transparent monitoring of the individual's behaviour may be appropriate. An action plan or risk assessment may be required. Some concerns may trigger the school's disciplinary, grievance or whistleblowing procedures, which will be followed where appropriate. Some concerns may be related to performance management and advice may be sought from the New College HR manager.

Monitoring of Low-Level Concerns

The Headmaster will securely retain confidential files on low-level concerns. A central log will be shared and monitored by the school's Senior Leadership Team on a monthly basis to ensure that all such concerns are being dealt with promptly and appropriately, and that any potential patterns of concerning, problematic or inappropriate behaviour are identified. A record will be kept of this review within SLT Minutes.

No record will be made of the concern on the individual's personnel file (and no mention made in job references) unless either:

- (a) the concern (or group of concerns) has been reclassified as a higher-level concern, or
- (b) the concern (or group of concerns) is sufficiently serious to result in formal action under the school's grievance, capability or disciplinary procedure.
